CERTIFICATE

on all purchases of nursery stock

State Crop Pest Commission of South Carolina
Clemson College, Clemson, S. C.

NURSERY CERTIFICATE No. 177

THIS IS TO CERTIFY That the _____
Nursery stock in the nurseries of _____
located at _____
by an Inspector of the South Carolina State Crop Pest Commission, and that the stock,
premises and adjacent properties have been found to be apparently free from especially in-
jurious insect pests and diseases.

Last Inspection Made _____ August 29, 1915
Valid until September 1, 1916, unless sooner revoked.

Franklin Pierson, Entomologist
Geo. W. Armstrong, Pathologist

J. M. Bealy
Inspector

It is your
Guarantee

that the stock
you receive has
been inspected
by our compe-
tent State offi-
cials and found
to be apparent-
ly free from
dangerously in-

jurious insect pests and plant diseases. All our nursery stock is inspected by the trained personnel of our State Department of Agriculture, and we are issued this certificate only after it has been determined that our stock meets their standards of pest freedom.

We attach copy of our certificate on all our shipments.
Look for it. It is your guarantee backed by our
State Department of Agriculture.

BUSINESS TERMS

SPECIAL NOTE: No orders to be crated and shipped under ten dollars can be accepted.

PRICES: Prices in this list supersede all former quotations and are subject to change without notice.

PAYMENT: Cash with order except to those of known responsibility. All charge accounts due in 30 days.

CRATING: No charge.

DISCOUNTS: A 10% discount will be allowed on Balled and Burlapped orders picked up at the nursery.

SHIPMENTS: We recommend camellias to be shipped only by Railway Express until transportation conditions definitely improve.

C.O.D. SHIPMENTS: 25% deposit required as guarantee of acceptance on arrival.

SUBSTITUTIONS: None made unless instructed to do so. Our finest varieties are so scarce and in such demand that we suggest you name second choices in case any you ask for happen to be sold out. This will save much time and correspondence.

GUARANTEE: We guarantee camellias to be well rooted healthy scale-free plants, properly packed and shipped. As we have no control over growing conditions after plants have left the nursery, we cannot guarantee camellias to live—that is entirely up to the knowledge and skill of the purchaser.

PACKING: All camellias are Crated, Balled and Burlapped, but shipment can be made with bare roots in wet Sphagnum moss at purchaser's risk if desired.

If your order is not acknowledged promptly, please advise us at once.

NOTICE TO NURSERYMEN: We have not been in business long enough to build up sufficient stocks of fine camellias to sell wholesale. However, we do invite a close comparison of our prices of rare camellias with those of wholesalers. Large orders will be given discounts; write us your needs and we will make you a price,

CALIFORNIANS

Due to your quarantine restrictions, only defoliated camellias can be shipped into California unless you obtain a special permit from the California Department of Agriculture.

GRAFTED PLANTS

Due to some influence in the understock beyond our control, occasionally a heretofore solid color variety will bloom variegated. We guarantee the scion as to variety, but if it blooms true or not is another matter. In every case reported, the variegated form has been far more desirable than the solid one. There are many theories as to this behavior, but we have drawn no conclusions as to the cause.

Our understocks were heavily root pruned before grafting. When you receive one of our grafts you will be sure to have every root which grew the top.

Grafted camellias are graded according to their own merits. A straight stem graft will not be priced the same as a bushy one the same height but will be sold in a lower grade.

The Tea Garden, Summerville, S. C.

We have the sole camellia propagating rights at the Tea Garden. Please address all camellia inquiries to us, as the Tea Garden is not a commercial enterprise.

MAGNOLIA GARDENS

Magnolia Gardens were made world-famous by its azaleas being seen by the thousands of people who visited every spring—few ever realizing the magnificent camellias they walked by were even growing there—their glory had passed with the coming of the azaleas. Those who really know the Gardens feel that the place should be famous for its camellia collection which so few people see in the winter and early spring.

These camellias were imported by the Reverend John G. Drayton, creator of Magnolia Gardens, during the 1840's from France and Belgium. We have a letter of his written to a fellow minister dated 1858 in which he states "I was afraid the other day that I had been exaggerating when in answer to his inquiries, I told a friend that I supposed their might be some 120 varieties of camellias at Magnolia. So I sat down and summed up the count afterwards and found that number of fine double varieties and how many more, I do not pretend to know—their name seems to be something like legion. Many of the plants are near 10 feet high and as thick as a holly bush—with almost as many flowers as leaves—". Some of these have reached colossal proportions, one double variety now measuring 28 feet in height, 23 feet through, and 16 inches in trunk diameter.

A few of our varieties have been on the market for years, and you will be surprised to find you probably have some of them in your collection.

A CORDIAL INVITATION

is extended to our customers to visit the Garden and Nursery during the camellia season. Besides the magnificent camellias in the Garden, there is the added attraction of a greenhouse full of blooming camellias.

Many customers visit us every year—the trip actually costing them nothing. The ten per cent discount allowed on camellias picked up at the nursery usually more than covers all expenses incurred.

CAMELLIA SLIDES

We have a slide collection of some 150 camellias in full color which we will be glad to lend Garden Clubs or any other responsible group. They are mounted in the standard 2x2 mountings, so can be shown in most projectors.

We regret that all requests for the slides last season could not be fulfilled due to the heavy demand. Ask for them early as possible so we can fit your showing into our schedule.

The Slide Collection at the present consists of the following varieties:

Debutante	Eleanor Hagood
Horry Frost	Communist
Alba Plena	Rainsford Cantelou
Capt. Martin's Favorite	Bonne Chance
Constellation	Gigantea
Queen's Delight	Dearie Mealing
Triphosa	Lady Vansittart
Rosea Plena	Lady Vansittart,
Julia Drayton	Variegated
Queen Victoria	Tricolor Seiboldi
Lady Hume's Blush	Elizabeth Grandy
Professor Sargent	Fanny Bollis
Lady Nancy Adare	Leana Superba
Marchioness of Salisbury	La Belle Peche
La Boheme	Marquis de Montcalm
Princess Irene	Rev. John Drayton
Magnoliaflora	Derbiana
Aitonia	Grenadier
Herme	Nell Prevatt
Tina Gilliard	Firebrand
Mrs. Freeman Weiss	Troubadour
Mrs. Charles Cobb	General Washington
Emperor of Russia	Feasti
Duchess of Sutherland	Surprise
Sunrise	Ellen Doubleday
Enrico Bettoni	Mme. de Maintenon
Alba Superba	Royal Beauty
Gov. Mouton	Pink Chandleri
Rev. John Bennett	Peonyflora
C. N. Hastie	Catherine Cathcart
Gen. Robt. E. Lee	Cup of Beauty
Prince Albert	Daybreak
Saturnia	Louise Centurione
Pixie	Marquis & Marchioness
Tiara	of Exeter
Duke of Wellington	Lord Ferndale
Alba Splendens	Pink Perfection
Torch	Lady de Vere
H. A. Downing	Fantasy
Julia Nafe	Elizabeth Boardman
Donckelaari	Elizabeth Arden

Conflagration	Duke of Burgundy
Lady Patricia Mountbatten	Herme Sport
Iwane Shibori	Empress
Black Prince	C. M. Hovey
Hussar	Galatea
Colletti Maculata	Radiance
Cardinal Richelieu	Laurel Leaf
Heningham Smith	Rose Mallow
Rosea Mundi	Adolphe Audusson
Marion Mitchell,	Monarch
Variegated	Victor Emanuel
Ruffled Beauty	Pink Glory, Variegated
Kathleen Read	Eleanor McCrady
Joseph Holland	California
Akebono	Mrs. Charles Simons
Vedrine	Glen 40 (Alabama)
Eugene Lize	Elizabeth Fleming
Louise Weick	Chiyoda Nishiki
Daikagura	Williams Middleton
Mme. Chiang Kai-Shek	Var. Adolphe Audusson
Lady Charlotte	Col. Fiery
Rubra Plena	Pearl Harbor
Pink Star	Tea Garden 113
Boutonniere	Josephine Duell
Var. Kumasaka	Kumasaka
Belle Neige	Arthur Middleton
Bolen's Late Tricolor	Charles Duell
White Crane	Monjisu

This year we offer the following in addition to our camellias: Azaleas—Liners available in many varieties of Azalea Indica. Wholesale only.

Giant Hybrid Amaryllis—Fine strain, mixed colors.

2 Year Bulbs:	100.....10.00
	500.....40.00
3 Year Bulbs:	50.....16.00
	100.....25.00
4 Year Bulbs:	10.....6.00
	50.....22.50
	100.....37.50
6 Year Bulbs:	10.....7.50
	50.....30.00
	100.....50.00
8 Year Bulbs:	10.....10.00
	50.....37.50

Gardenia Mystery—This Gardenia has much larger and finer flowers than the Gardenia Florida we see so much of. Add 10% for crating.

12-18".....	1.25
18-24".....	2.00
24-36".....	3.00

We are listing below a number of varieties of which there are too few to run in the catalog. If particularly interested in any of these, write us, and we can probably supply one.

Blush Hibiscus	Jas. Hyde Porter
Adolphe Audusson	Mrs. Chas. Blard
California	Mena Ladinier
Black Prince	Lady Vansittart, Red
Fimbriata Superba	Victory White
Princess Nagasaki	Jenny Lind
Martha Brice	Lotus
Candida Elegantissima	American Beauty
White Empress	St. Andre
Martin Roberts	Wondrous, Var.
Lady Dunn	Marchioness of Salisbury
White Hope	Il Tremento
Charles Duell	Troubadour

SPECIAL FEATURE

1945-1946

Magnolia Queen—Once in a blue moon such a camellia is offered to discerning collectors. This seedling is an enormous white with red strips, an irregular wavy petaled semi-double, somewhat variable as to form.

At Magnolia this variety is the last camellia to bloom, usually flowering with the azaleas. Your camellia season can be extended two to three weeks with this camellia. Our stock is very limited, so only one to a customer.

Well-formed stocky grafts:

12-15" _____	15.00
15-18" _____	25.00
18-24" _____	40.00

Conflagration—Another seedling we have been jealously guarding for the past five years. A large fiery red semi-double, petals somewhat irregular and wavy, with petaloids enclosed by a ring of prominent yellow stamens.

This camellia, a midseason bloomer, will be a winner and source of pride in the finest collection.

Well-formed stocky grafts:

12-15" _____	15.00
15-18" _____	25.00
18-24" _____	40.00
24-30" _____	60.00

THREE STAR SPECIAL GROUP

Lady Charlotte—(Our Seedling) We consider this our most outstanding semi-double of the pinks. A large clear pale pink with prominent stamens and three rows of wavy petals veined with white. Even without flowers this variety would be an ornament as growth is tall and symmetrical and foliage is very dark, pointed, and heavily veined. This is one of the hardiest camellias, coming out in perfect bloom last season just after the severest freeze of many years.

Grafts: 8-12" ,12-15" , 15-18"

Mrs. Freeman Weiss—(Our seedling) This flower created a sensation at the 1944 Sand Hills Garden Club Camellia Exhibit where it was seen on exhibition for the first time. It is a semi-double pink of loose construction with wavy petals and petaloids mixed with its stamens. Foliage is light green in color.

Grafts: 8-12" , 12-15" , 15-18" , 18-24"

Reticulata: None available this season.

Prices of Three Star Special Group above:

Grafts:	8-12" _____	8.00
	12-15" _____	10.00
	15-18" _____	15.00
	18-24" _____	20.00

3 STAR WHITES

Elizabeth Boardman—(Our seedling) The blooms are enormous hemispherical, semi-double white, fluted construction with golden stamens intermixed. Rounded, light green foliage. Upright growth. This is a hardy free bloomer. Midseason flowering.

Grafts: 12-15" to 36"

Mrs. Charles Simons—A large semi-double white, loose construction with stamens intermixed. Light green, heavily veined foliage. Symmetrical, fast grower. Midseason bloomer. Source: Simons Nursery.

Own Root: 12-15" , 15-18" , 18-24"

Grafts: 12-15" , 15-18" , 18-24"

Lady of the Lake—(Our seedling) Large semi-double white, fluted petals, irregular construction. Long narrow curved, dark green foliage. Loose upright grower. Midseason bloomer.

Grafts: 8-12" , 12-15" , 18-24"

Grandiflora Alba—An enormous white flower, loosely formed with a few stamens intermingled with the petals. Light green glossy

MAGNOLIA GARDENS AND NURSERIES

foliage. Tall vigorous grower. Not to be confused with Alba Superba.

Grafts: 12-15", 15-18", 18-24", 24-30"

Imura—Very showy semi-double flower about five to six inches across with large petals. Fast grower with long, narrow, shiny leaves.

Grafts: 12-15", 15-18", 18-24", 24-30"

Refugee—Large semi-double white, medium to long narrow overlapping waved petals with showy stamens when full open. Medium light green foliage. Symmetrical, upright grower. This was the most outstanding white in the 1944 Jacksonville, Florida, Camellia Show.

Grafts: 12-15", 15-18", 18-24"

White Queen—(Overlook seedling) A very large semi-double flower sometimes measuring six inches. The petals are pure white, somewhat small and pointed at the tips.

Grafts: 12-15", 15-18"

Victory Maid—(An Overlook seedling) Pure white medium size flower; some full double imbricated, others semi-double.

Grafts: 12-15", 15-18", 18-24"

Prices on 3 Star varieties above.

Grafts:	8-12"_____	7.00
	12-15"_____	8.50
	15-18"_____	12.50
	18-24"_____	17.50
	24-30"_____	20.00
	30-36"_____	25.00

3 STAR PINKS

Eleanor Hagood—(Our seedling) A medium size delicate pale pink, imbricated form. When flower first opens, it is color of Pink Perfection. As its petals gradually unfold, the color becomes lighter and lighter, until the center is almost white. Blooms rather late in season.

Grafts: 12-15", 15-18", 18-24"

Madame de Maintenon—One of our finest original varieties which always seems to miss camellia shows. It is a cup-shaped semi-double with prominent stamens and a light pink color, the particular shade of which we have never seen in any other camellia. A large flower, but does not have to depend on its size to be outstanding in any collection. Large dark green foliage.

Own Root: 12-15", 15-18", 18-24", 24-30"

Grafts: 12-15", 15-18", 18-24", 24-30"

Duke of Burgundy—(Our seedling) Medium size semi-double pink with petals fading to white around edge. Stamens intermixed.

CHARLESTON, S. C.

This flower resembles the Pink Herme in formation, but the shade of pink is somewhat lighter. Small, dark green foliage. Loose upright grower.

Grafts: 8-12" and 12-15"

~~Grafts: 12-15", 15-18", 18-24"~~

Pink Glory—(Finlandia, F.N.) Large semi-double light pink with narrow petals and petaloids mixed with stamens. A good growing plant, blooming in late midseason.

Grafts: 12-15", 15-18", 18-24"

Josephine Duell—Semi-double soft pink of loose peony construction. Blooms in late midseason.

Grafts: 12-15", 15-18", 18-24", 24-30"

Smiling Beauty—A delicate shade of pink makes this semi-double a very distinctive flower of medium size. Origin: Overlook.

Grafts: 12-15", 15-18", 18-24"

Mathotiana Rosea—(Rosea Superba) Large double deep pink, opening with rosebud center. It is outstanding for its free blooming habits. Foliage resembles Julia Drayton except more pointed and darker green. Vigorous upright grower. Midseason to late.

Own Root: 12-15", 15-18", 18-24", 24-30"

Grafts: 12-15", 15-18"

Prima Donna—(No. 283 Tea Garden) From the Tea Gardens comes this large open blooming semi-double bright pink with its veined petals. Small dark green foliage.

Own Root: 12-15", 15-18", 18-24"

Magnoliaflora—An extremely pale pink semi-double which is a "Must" for every collection. With its delicate blush color and large petals opening about a small group of petaloids, there is no other camellia like it.

Grafts: 8-12", 12-15"

Tina Gilliard—One of our seedlings from Derbiana and a great improvement over it. A large semi-double pink with prominent stamens and regularly placed wavy petals. Like its parent, it is a hardy camellia. Midseason.

Grafts: 12-15", 15-18", 18-24", 24-30"

Eleanor McCrady—(Our seedling) Enormous semi-double bright pink, large long waved petals of loose construction. Large light green foliage. This outstanding variety is a midseason, free bloomer and vigorous grower.

Grafts: 12-15", 15-18"

Prices on 3 Star varieties above.

3 STAR REDS

Marion Mitchell—(Our seedling) This is our finest scarlet red seedling which has won favor with discerning collectors everywhere. It is a large-late blooming semi-double with fragile petaloids mixed among the stamens. This plant for four years has been one of our best sellers.

Grafts: 12-15", 15-18", 18-24"

Henry Middleton—Large semi-double dark red, 3-4 rows of large petals. Prominent stamens in center. Large glossy dark green foliage. Symmetrical upright grower. Midseason bloomer.

Grafts: 12-15", 15-18"

Robert E. Lee—(Our seedling) For those who want an extremely dark red, this is the camellia. In midseason it opens almost black buds into glowing dark irregular loose semi-double flowers. The veins in the petals are even darker in color. Stamens are red with usually a few petaloids showing. It has bloomed well outside every year since it was discovered four years ago and can be considered a freeze proof flower and a good grower.

Grafts: 12-15", 15-18", 18-24"

Firebrand—An original Magnolia Garden variety. A large fiery red which blooms in January when many camellias are injured by cold. This beautiful semi-double is further enhanced by white veins on its occasional petaloids. Firebrand is an ideal camellia for those who have trouble blooming camellias out of doors in the cold-part of the winter.

Grafts: 12-15", 15-18", 18-24"

J. J. Pringle Smith—One of the largest of the late season reds, flowers being full five inches in diameter. It is a semi-double regularly formed and quite cold resistant. Large glossy foliage.

Grafts: 8-12", 12-15"

Tiara—(Our seedling) This is a very unusual camellia in both color and form; an orange red which opens as an imbricated with a long pointed bud in the center and later becomes a regular semi-double. Petals are rounded in shape. We have seen no other camellia of its type.

Grafts: 12-15", 15-18"

CHARLESTON, S. C.

John Illges—(Our seedling) Enormous flat star shaped, bright single red with prominent stamens. Long, narrow, dark green foliage. Midseason. We believe this to be the finest single red.
Own Root: 12-15", 15-18"

Mrs. Charles Cobb—(Our seedling) Large semi-double dark (almost black) red with rich golden stamens intermixed in petals. Large, rounded, light green foliage. Symmetrical upright grower. Midseason.

Own Root: 12-15", 15-18", 18-24", 24-30"

Campbell Ashley—A loosely formed semi-double deep red with petals of crepe-like texture. Petaloids intermingled with stamens. One of the finest reds to come on the market in recent years. Origin: Middleton Place.

Grafts: 8-12", 12-15", 15-18"

Prices on 3 Star varieties above.

	30-36" _____	25.00

3 STAR VARIEGATED

Marion Mitchell, Variegated—We were so well pleased with this variety as a solid red that we were quite overwhelmed when through grafting it came out heavily variegated. Those who know the solid form will certainly want this improved strain.

Grafts: 12-15", 15-18"

Pink Glory, Variegated—This is the variegated form of the genuine Pink Glory (Finlandia, F. N.). Our scions were taken from a plant whose flowers come half white.

Grafts: 12-15", 15-18"

Lady Mary Cromartie, Variegated—(La Reine, Var.) The variegated form of the well known pink. This is a large semi-double deep rose pink and white, loose construction, stamens intermixed in petals. Large, light green foliage. Early midseason bloomer.

Grafts: 12-15", 15-18", 18-24"

Adolphe Audusson, Variegated—A very large semi-double deep red marbled with white. Prominent stamens irregularly arranged among the heavy broad petals. Large deep green foliage. Mid-season bloomer.

Grafts: 15-18", 18-24"

Donckelaari—Large semi-double red, marbled white with conspicuous golden stamens in the center. Large, narrow, dark green foliage. Slow grower and very difficult to propagate. Free bloomer, beginning in January continuing through March. We consider this variety one of the best in its class.

Grafts: 12-15", 15-18", 18-24", 24-30"

Eugene Lize—(Lady Jane Gray) A semi-double to loose peony rich cherry red marbled white. Foliage and growing habits resembles the Donckelaari. Midseason bloomer.

Grafts: 12-15", 15-18"

Dr. Shepherd—(Firegold-Te Deum) A Tea Garden original named after the founder. Heretofore described as a solid red, our scions all come from the two parent plants whose flowers are splotted with white. This flower is a huge semi-double loose peony dark red splotted white, forming a mass of golden stamens in the center. Rounded dull green foliage. Slow upright grower. Midseason to late bloomer. This variety is very difficult to propagate.

Grafts: 12-15", 15-18", 18-24", 36-48"

Margaret Walker—Very large semi-double white striped rose pink, loose waved petals with a few stamens intermingled in center. Narrow dark green foliage. Slow upright grower. Midseason to late bloomer.

Grafts: 12-15", 15-18"

Helen of Troy, Variegated—(H. A. Downing) A beautiful new sport of this famous old variety. At Magnolia this variety has bloomed well every season despite the severest winters.

Grafts: 12-15", 15-18"

Duchess of Sutherland—(A Magnolia Original) A large semi-double white with an occasional pink stripe in one petal, stamens in center. This is very variable as to form. Free midseason bloomer.

Own Root: 12-15", 15-18", 18-24", 24-30", 30-36"

Lindsey Neill—One of the most sought after of the newer camellias. Semi-double loose peony type, red with white.

Grafts: 12-15", 15-18"

Prima Donna, Variegated—(No. 44 Tea Garden) Medium to large loose semi-double bright pink marbled white. Often sports solid pink. Small bright green foliage. Blooms midseason.

Own Root: 12-15", 15-18", 18-24"

Prices on 3 Star varieties above.

	30-36".....	25.00
	36-48".....	37.50

2 STAR WHITES

Heningham Smith—A sport of Alba Plena which we prefer to both it and Alba Fimbriata. The flower is of pine cone construction with bud in center and shows stamens when fully open. Foliage, growth habits, and blooming time are identical with Alba Plena.

Grafts: 12-15", 15-18", 18-24"

Mrs. William Thompson—A very large semi-double white flower with prominent stamens. Large rounded, serrated foliage. Vigorous slender growth. Midseason.

Grafts: 15-18", 18-24"

Snowdrift—A lovely large semi-double pure white with a cluster of stamens in the center. Long, dull green foliage. Midseason bloomer.

Grafts: 12-15", 15-18"

Superba Nobilissima—(Quincy White) A large off-color white or ivory, peony form flower. Foliage dark green. Slow upright growth. Late bloomer.

Grafts: 12-15", 15-18", 18-24", 36-48"

Belle Neige—Flat semi-double white with narrow petals and petaloids mixed with stamens. Small, light green foliage. Mid-season bloomer. A Magnolia original.

Grafts: 15-18", 18-24"

Claritas Alba—A midseason semi-double white which tends to become a very loose peony type flower. This is one of our old original varieties.

Grafts: 12-15", 18-24", 24-30"

Finlandia—(White Herme, Dearest) Large white flower of loose, semi-double shape with a mass of golden stamens in center

intermingled with a few petaloids. Narrow, long pointed glossy foliage. A hardy, free flowering variety.

Grafts: 12-15", 15-18", 18-24"

Waterloo—(Ethrington White) A pure white semi-double flower of tissue thin texture. A profuse bloomer from December through March.

Grafts: 12-15", 15-18", 18-24"

Prices on above 2 Star Varieties:

Own Root:	12-15".....	3.00
	15-18".....	4.00

	18-24".....	12.50
	24-30".....	15.00
	30-36".....	18.00

2 STAR PINKS

Elizabeth Grandy—(Margaret Higdon) Large semi-double deep pink fading to white around edge of petals. Rich stamens intermixed. Dull green foliage. Symmetrical upright grower. Midseason.

Own Root: 12-15", 15-18", 18-24", 24-30"

Lady Mary Cromartie—(A Magnolia Original) Large semi-double rose pink, loose construction with stamens intermixed in petals. Large light green foliage. Symmetrical upright growth. Free midseason bloomer.

Own Root: 12-15", 15-18", 18-24", 24-30", 30-36"

Julia Drayton—(Mathotiana Rubra) Large double deep pink, when open has few stamens in center. Long, broad, dark green foliage. Dense upright growth. Midseason to late bloomer.

Own Root: 12-15", 15-18", 18-24", 24-30", 30-36"

Pink Star—Large peony type flower of bright rose pink. Outer row of petals form a star like appearance. Large, rounded, light green foliage. Blooms midseason.

Own Root: 12-15", 15-18"

Marquis de Montcalm—(A Magnolia Original) A midseason blooming rose pink whose flowers usually face downward. Of pine cone formation, its petals gradually become narrower as they near the center, finally becoming petaloids. Few stamens showing. This is also one of our old original varieties. Midseason bloomer.

Own Root: 12-15", 15-18", 18-24", 24-30"

Grafts: 12-15", 15-18"

Arthur Middleton—An exquisite, large deep pink flower of formal type. When fully opened the stamens are intermingled with the petaloids. Free blooming and vigorous in growth. Midseason to late bloom.

Grafts: 12-15", 15-18"

Rose Dawn—Medium to large, very beautiful double rose pink. The flower resembles Alba Plena as to form. Midseason bloomer.

Grafts: 12-15", 15-18", 18-24", 24-30"

No. 113 Tea Garden—(Louise McClay-Grandiflora Superba) Large semi-double rose pink with crepe edge petals. Free midseason bloomer.

Own Root: 12-15", 15-18", 18-24", 24-30", 30-36"

Radiance—(A Magnolia Original) Medium to large semi-double rose pink with spiral shaped stamens in petals. Midseason.

Own Root: 12-15", 15-18", 18-24"

Pink Ball—Medium size peony form pale pink flower. Very similar to Debutante but blooms much later.

Own Root: 15-18", 18-24", 24-30"

Debutante—(Sara C. Hastie) Medium size light pink peony like flower. Early to midseason.

Own Root: 12-15", 15-18", 18-24", 24-30", 30-36"

Rev. John Bennett—This is one of our finest original varieties. Huge semi-double, true salmon pink with veined petal, occasional petaloids. Narrow, dark green foliage. Loose, upright growth. Midseason to late bloomer. Watch for a spurious variety under the same name.

Own Root: 12-15", 15-18", 18-24", 24-30", 30-36"

Aitonia—(A Magnolia Original) Large semi-double rose pink with stamens and a few petaloids mixed in the center. Blooms midseason.

Own Roots: 12-15", 15-18", 18-24", 24-30"

Grafts: 12-15", 15-18", 18-24"

Rosea Plena—(A Magnolia Original) Medium size imbricated rose pink with dark veins. Formation that of Alba Plena with the exception of a few flowers which come a perfect star shape. Blooms midseason.

Own Root: 12-15", 15-18", 18-24", 24-30"

Marquis of Exeter—(A Magnolia Original) A large pink peony flower with the Debutante formation, although slightly larger and deeper in color. Early bloomer.

Own Root: 12-15", 15-18", 18-24", 24-30"

Empress—(Grandiflora Rosea-Lady Clare) Semi-double, rose pink with creped petals and prominent stamens. A very large, well formed flower. Blooms early to midseason.

MAGNOLIA GARDENS AND NURSERIES

Own Root: 12-15", 15-18", 18-24"
 Special: Specimen 30-36"-----12.00
 Specimen 36-48"-----15.00

Vanity Fair—(No. 103 Tea Garden) Medium to large semi-double pink with twisted irregular petals. Blooms midseason.

Own Root: 12-15", 15-18"

Cardinal Richelieu—One of our original varieties. A regular formed loose flower with a bunch of petaloids and stamens in center. Of a rose red hue, this flower blooms well in early midseason when many others are ruined by cold.

Own Root: 12-15", 15-18", 18-24", 24-30", 30-36"

Constellation—Another old original which is quite unknown due to the difficulty of its propagation. An early blooming medium size imbricated flower of deep pink fading to blush in the center. Many of its flowers come tiered forming a six pointed star. All petals of its ten rows are incurved. This is one of the most interesting varieties we have.

Grafts: 8-12", 12-15", 15-18"

Rev. John Drayton—(Mary E. M.) This magnificent camellia bears the name of the creator of Magnolia Gardens. One of our hardiest flowers, the parent plant has bloomed perfectly every year in an unprotected place despite the severest winter. A semi-double light pink with variable flower forms. Some open as regular semi-doubles, others as loose peonies and still a few with bud centers. A symmetrical compact grower with light green foliage.

Own Root: 12-15", 15-18", 18-24", 24-30", 30-36"

Tinky Lee—Large semi-double light pink, two rows of creped petals, petaloids mixed with prominent stamens.

Grafts: 12-15", 15-18"

Bessie McArthur—From the Gerbing Camellia Nursery comes this large, semi-double clear pink variety with three or four layers of very large petals and prominent stamens intermingled with small petaloids.

Grafts: 12-15", 15-18"

CHARLESTON, S. C.

2 STAR REDS

Helen of Troy—(H. A. Downing) A large semi-double bright red with stamens in center. A very hardy, free midseason to late bloomer.

Own Root: 12-15", 15-18", 18-24", 24-30", 30-36"

C. N. Hastie—Another old original variety named after the owner of Magnolia Gardens. A medium to large dark maroon colored peony with tall symmetrical growth. Foliage round and dark. Late bloomer.

Own Root: 12-15", 15-18", 18-24", 24-30"

Royal Beauty—(A Magnolia Original) Medium to large semi-double, vivid red with two rows of large petals and fragile stamens in the center. Very good midseason bloomer.

Own Root: 12-15", 15-18", 18-24", 24-30"

Margaret Lawrence—(Vedrine) Large, Loose, deep red peony like flower with stamens intermixed in center petals.

Own Root: 12-15", 15-18", 18-24", 24-30"

His Majesty—(A Magnolia Original) Medium to large semi-double red with loose construction and stamens in the center. Blooms midseason.

Own Root: 12-15", 15-18", 18-24", 24-30"

Williams Middleton—Medium to large, semi-double dark red with two rows of petals vined with lighter shading of red. Blooms midseason to late.

Grafts: 12-15", 15-18"

Victor Emanuel—(Blood of China) Very large semi-double red with conspicuous stamens in the center. Vigorous grower. Blooms late in season.

Own Root: 12-15", 15-18", 18-24", 24-30"

Marguerita—A red sport of Candida Elegantissima. Very large semi-double red with two rows of large petals and conspicuous stamens in center with few petaloids. Rounded, serrated dark green foliage. Very hardy free bloomer.

Grafts: 12-15", 15-18", 18-24", 24-30"

Wade Hampton—A five inch semi-double deep red which fades to a lighter shade as flower ages. Hardy and free flowering, said to be the Sargeant Barrios of Alabama.

Specimen plants: 30-36", 36-48"

MAGNOLIA GARDENS AND NURSERIES

Senator Duncan Fletcher—A peony formed rose red to dark red camellia flowering midseason to late. Origin: Gerbing.

2 STAR VARIEGATED

Empress, Variegated—A large semi-double deep pink marbled white with conspicuous stamens in center. Dark, glossy green foliage. A very hardy midseason bloomer.

Grafts: 12-15", 15-18"

Gigantea—(Magnolia King) Enormous semi-double to peony, dark deep red mottled white. Long, broad dark green foliage. Mid-season to late bloomer.

Own Root: 12-15", 15-18", 18-24", 24-30", 30-36"

Madame Chiang Kai-Shek—(Thomas Plant) A large semi-double deep rose pink flecked white with very prominent stamens in center. The flower resembles Donckelaari in form. Medium dark green.

Grafts: 12-15", 15-18", 18-24", 24-30"

Surprise—This lovely seedling of ours is a medium to large semi-double deep pink stripe with lighter pink. This flower opens with rosebud center and when full open shows stamens in the center. Broad, dark green foliage. Blooms midseason.

Own Root: 12-15", 15-18", 18-24", 24-30"

Elizabeth Arden—(Our seedling) Medium to large semi-double white, striped rose pink, often sports solid pink. All blooms open with a perfect rosebud center. Dark green foliage. Very hardy late bloomer.

Own Root: 12-15", 15-18", 18-24", 24-30", 30-36"

Captain Martin's Favorite—An early blooming medium size imbricated deep pink marble white. A symmetrical flower with incurved inner petals. Our ninety year old plant blooms from late November through February. Long narrow light green foliage. This camellia has

CHARLESTON, S. C.

difficulty growing to any size on its own roots, so we are offering grafts also which are more satisfactory.

Own Root: 12-15", 15-18", 18-24"

Grafts: 12-15", 15-18"

Joan of Arc—This variety became almost extinct when the parent plant died some years ago leaving us with only a half dozen scions. A vivid red semi-double splotched with white of medium size. Has unusually fine dark foliage; a compact grower.

Grafts: 12-15", 15-18", 18-24", 24-30", 30-36", 36-48"

C. M. Hovey—Variegated form of Julia Drayton.

Own Roots: 12-15", 15-18", 18-24", 24-30"

Marchioness of Exeter—This old original is very large white and pink peony form flower. Long, light green foliage.

Own Roots: 12-15", 15-18", 18-24", 24-30"

Peonyflora—One of the most beautiful from the West Coast. A large very irregular loose peony, white flecked with pink. Sometimes has pink sport. Round dark foliage and spreading growth. Quite hardy.

Grafts: 12-15", 15-18"

Catherine Cathcart—(Leila) This old original from Magnolia Gardens is a very lovely medium to large double pink, marbled white. Rounded, light green foliage. Slow slender growth. Late Bloomer.

Own Root: 12-15", 15-18", 18-24"

Colletti Maculata—From two plants at the Tea Garden comes our strain. A medium size cherry red with white peony. This is a very old variety but very scarce due to the difficulty in propagating it.

Own Root: 12-15", 15-18"

Grafts: 12-15", 15-18"

Delectissima—Very large single white dashed with a wide pink stripe. Prominent stamens. Very hardy free early to midseason bloomer.

Own Root: 12-15", 15-18", 18-24"

Lady Vansittart, Variegated—A medium to large semi-double white, striped with rose pink with stamens in the center. Narrow, curved, dark green foliage. Free midseason bloomer.

Own Root: 12-15", 15-18"

Grafts: 12-15", 15-18"

Mysterious—Large, peony white, striped pink flower. Very much like Marchioness of Exeter.

Own Root: 12-15", 15-18", 18-24", 24-30"

Monjisu—(California Donckelaari) A small variegated bright red with wavy petals. A camellia of distinctive form.

Own Root: 12-15", 15-18"

MAGNOLIA GARDENS AND NURSERIES

William Penn—A peony purple-red marbled with white. Mid-season bloomer.

Kumasaka—(Lady Marian) A large deep pink peony like flower. Glossy green foliage. Very hardy, late bloomer.

Own Root Specimens: 30-36" _____ 12.00
30-48" _____ 15.00

Daybreak—A seedling very much like Debutante. Late bloomer.

Own Root: 12-15", 15-18", 18-24", 24-30", 30-36"

Bonne Chance—An original of medium to large, semi-double cupped shape salmon pink with prominent stamens in center. Blooms freely in late season.

Own Root: 12-15", 15-18", 18-24", 24-30", 30-36" 36-48"

Patricia Mountbatten—An original Magnolia Garden variety a little similar to the Rev. John Drayton. A rather flat flower of loose peony formation. Color is a medium pink with a purple cast. Large, light green foliage.

Own Root: 12-15", 15-18", 18-24", 24-30", 30-36"

Favorita—(Our seedling) A light pink single of enormous size. This flower also has a few petaloids with its stamens. An early bloomer with large dark green foliage. Like most singles it is a fast grower.

Own Root: 12-15", 15-18"

Hibiscus—(A Magnolia Original) A large deep pink single with stamens in center. An early to midseason bloomer.

Own Root: 12-15", 15-18", 18-24"

Hussar—(Our seedling) A seedling which has medium size regularly formed semi-double pink flowers with two rows of petals and prominent stamens. A flat loose grower with small foliage. Midseason flowering.

Own Root: 12-15", 15-18", 25-30"

Titian—This original is a medium to large deep pink single with very large rounded petals, prominent uniform circle of stamens in the center. Midseason bloomer. Very unusual.

Own Root: 12-15", 18-24"

Columbine—(A Magnolia Original) Medium to large flat imbricated star shaped pink. This is ideal for cut flowers. Midseason to late.

Own Root: 12-15", 15-18"

Pink Herme—Solid pink sport of Herme.

Own Root: 12-15", 15-18"

Duke of Wellington—(Our seedling) A large semi-double pink

MAGNOLIA GARDENS AND NURSERIES

with loose construction and stamens intermixed in the petals, rather coarse heavy petals. Large dark green foliage. Midseason bloomer.

Own Root: 12-15", 15-18", 18-24", 24-30"

Jersey Rose—This seedling has a medium size semi-double rose pink flower with stamens intermingled with petals. A very good mid-season bloomer.

Own Root: 12-15", 15-18", 18-24"

Glamorous—(Our seedling) This is a very lovely medium size loose double pink flower opening with a perfect rose bud center, when full open has a few stamens in the center. Heavily veined crinkly foliage. Midseason.

Own Root: 12-15", 15-18", 18-24", 24-30"

Akebono—A shell pink semi-double of medium size. Hardy bloomer and fast grower.

Own Root: 12-15", 15-18"

Pink Perfection—Double imbricated shell pink.

Own Root: 12-15", 15-18", 18-24"

Cup of Beauty—Medium size semi-double pink, when opening resembles cup and saucer and when full open has a mass of stamens..

Own Root: 12-15", 15-18", 18-24", 24-30"

Pink Chandleri—Sport of Chandleri.

Own Root: 12-15", 15-18", 18-24"

Monarch—(Gunelli-Honneur d'Amérique-Red Ball) Large deep peony pink, often mottled white. Very choice variety.

Own Root: 12-15", 15-18", 18-24", 24-30"

Rainy Sun—An enormous flat semi-double dark pink. Hardy bloomer and vigorous grower.

Own Root: 15-18", 18-24"

Prices on One Star varieties above:
