About The Cover

'TERRELL WEAVER', is a hybrid of 'CRIMSON ROBE' x 'VILLE DE NANTES' originated by Dr. Walter F. Homeyer, Jr., of Macon, Ga. and propagated by Nuccio's Nursery, Altadena, California. The flower is named for that "grand man" of Camellias, N. Terrell Weaver of Macon. Terrell is President Elect of the A.C.S. and has served as an official for many of the years of A.C.S. history. He is a Charter Member of A.C.S., formerly A.C.S. Vice President for the Atlantic Coast and past President of the Middle Georgia Camellia Society.
