RETAIL PRICE LIST—1949-1950

CAMELLIA GEORGE B. BARRETT

(Plant Patent No. 866)

Available This Season for the First Time

This seedling is a large, pure white, loose semi-double, which blooms early (along with ARAJISHI and DAIKAGURA), and has a few golden stamens scattered among the petals and petaloids. Its early blooming habit, which assures successful flowering, makes this variety unique. This together with its beauty as a cut flower will produce a large demand for this variety.
