## TREES, SHRUBS, ROSES, CAMELLIAS, ETC.

OFFERED BY

F. LÜDEMANN,  
Pacific Nursery

3041 BAKER STREET, bet. Lombard and Chestnut  
SAN FRANCISCO.

*The Presidio and Ferry Cable Cars run past the Nursery.*

**NEW NURSERY, AT MILBRAE, SAN MATEO COUNTY.**

---

I beg to offer my new trade-list for 1900, thanking you for the generous patronage extended to me for the past thirty years, and soliciting a continuance of the same. My stock at the present date is looking exceptionally well, and is being mostly grown on my new nursery at Milbrae. My office and sale-yard will continue at my place on Baker street, San Francisco, and all orders will be filled from this place.

### HOW TO REACH MY NURSERY.

My Green-houses and Office are situated on Baker street, between Lombard and Chestnut, and are easily reached by the Presidio and Ferries cable cars from the corner of Montgomery Avenue and Washington street; also, the California, Hyde and O'Farrell street cable cars transfer to the Presidio and Ferries cable cars at the corner of Union and Hyde streets, which run within one block of my Nurseries on the corner of Lombard and Baker streets, where all sales are made, as I am not selling any plants at my new nursery at Milbrae, San Mateo county.

## TO CORRESPONDENTS.

Correspondents will greatly oblige by observing as far as possible the following points in making out their orders.

All orders should be legibly written out on a separate sheet, and not mixed up with the body of the letter, thereby saving us a great deal of trouble, and tending to prevent mistakes.

To avoid errors, state by which route they wish the plants to be forwarded; otherwise we will send them as we deem best for the purchaser.

All trees and plants are carefully and securely packed in the best manner, for which a small charge is made sufficient to cover cost of material used. No charge will be made for the delivery of packages to the railroad and steamer or express office. Also, all plants will be delivered free of charge in the City of San Francisco.

All articles are at the risk of the purchaser after being shipped. We must not be held responsible for any loss or delay that may occur through the negligence of the forwarder.

Orders to be sent by express C. O. D. must be accompanied by at least one-half the amount in cash; otherwise they will receive no attention.

My customers are requested to notify me immediately of any error that may be committed in filling their order, so that the same may be rectified, as I desire to give satisfactory dealing to all who favor me with their orders.

I do not substitute varieties of plants, but if size is out I send larger or smaller plants than the order calls for.

---

## PACIFIC NURSERY,

3041 Baker Street, bet. Lombard and Chestnut, San Francisco.

F. LÜDEMANN, - Proprietor.

*December 1, 1899.*

P. S. Descriptive Catalogue will be sent on receipt of 5 cents in stamps to cover postage on same.

 Versicolor—White, sprinkled and striped carmine.  
 Vervæneana—Vivid rose color, set off by pure white border; double; extra.

## AZALEA MOLLIS.

This Azalea is very hardy and especially adapted for the garden. It thrives luxuriantly in any position, and requires no more attention than any other garden flower. They flower in a profuse manner; the fine, large flowers ranging in color from pale yellow, through the various shades of salmon, to a bright orange.

Bushy plants well set with flower buds at 50 cents each; \$5.00 per dozen.

## CAMELLIAS.

Camellias are acknowledged to be the finest Winter-flowering shrub in cultivation. They will grow freely in any fairly-good garden soil, and require but little attention after the first year after planting. They must not be allowed to become too dry until they are well established. The plants I offer are perfectly healthy, well-rooted, and three or four years from the graft. Raised in my own nursery in open air.

Plants 2 feet high, with flower buds, 60 cents each, \$55.00 per hundred. Plants without flower buds, 50 cents each, \$45.00 per hundred. Larger plants with flower buds, from 75 cents upwards.

Adrian Le Brune—Rose.  
 Alba Pleno—Pure white; considered the very best.  
 Alba Arnattissima—Pure white; fine, well-shaped flowers.  
 Albertus—Rose striped white.

## ROSES.

The plants offered are on their own roots, with the exception of some of the newest and slow-growing varieties, which are budded low to the ground on suitable wild stock. The plants are all strong and vigorous, having been grown entirely in the open ground for two years, and have strong roots; they cannot fail to give satisfaction, and average in height from eighteen inches to three feet, and will be furnished from December 1st, 1899, to April 1st, 1900, for prices quoted.

T. indicates Tea Roses; H., Hybrid Perpetual; H. T., Hybrid Tea; N., Noisette; B., Bourbon; and M., Moss.

25 cents each; \$20.00 per hundred. Not less than five of one variety at the hundred rate.
